PART I

GENERAL.

Proceedings of the Government of Mysore

No. 12810-45—Mis. 2715, dated Bangalore, 1st April 1898.

Order.—In supersession of all existing rules and orders, the Government are pleased to prescribe the following Rules for regulating the supply and consumption of Stationery and Printed Forms—

Stationery.

Stationery to be supplied from the Mysore Government Stationery Depôt.

1. All the stationery for Public Offices will be supplied as hitherto from the "Mysore Government Stationery Depôt" at Bangalore. A list of articles supplied by the Stationery Depôt showing the departments for which they are provided will be found in Appendix A.

2. The Superintendent of Stationery has no authority to add to, or subtract from, the list, any department or office without the orders of Government.

3. No articles whatever of stationery which are included in Appendix A shall be obtained for public use by local purchase by any officer entitled to indent upon the Stationery Depôt, without the previous sanction of Government.

4. A list of officers authorized to indent on the Stationery Depôt and obtain their supplies free of charge is given in Appendix B attached.

5. Appendix C attached contains a list of officers who are entitled to obtain supplies from the Stationery Depôt on payment (book adjustment).

6. The Superintendent is not bound to supply the officers in Appendix C to the full extent of their indents, when doing so will interfere with the requirements of officers in Appendix B.

7. Any other officers requiring articles from the Stationery Depôt must obtain the previous sanction of Government.

Estimates.

8. Annual estimates are not required from officers; but when an unusually large consumption of any article or paper in any particular official year is anticipated, intimation shall be given by the officer concerned to the Superintendent of Stationery not later than the 1st December of the previous official year in the case of Europe articles, and 15th of January in the case of country articles, stating the purpose with other necessary particulars.

Purpose for which different kinds of paper are to be used.

9. The use of costly paper, where cheaper kinds both in quality and size are suitable, is prohibited. Heads of Offices are requested to see that the following injunctions on this head are strictly adhered to, namely :—

(*a*) Drafts of letters, dockets, memoranda and Judge's notes of evidence and the like. — To be written on French foolscap.

(*b*) Judgments, decrees and other proceedings of a court. — Machine made foolscap.

(*c*) Figured statements. — Office copies to be prepared on French foolscap or country cartridge and Badami according to size.

(*d*) Fair copies of the above. — On machine made foolscap or on printing paper.

Badami paper should be used for covers and light packets, but for heavy packets and files country cartridge may be used.

(e) Office covers and envelopes.

Envelopes for notes or chits to be made up in French foolscap in all district and other offices. Europe envelopes will be supplied to Secretariats and Heads of Departments only.

These are made up of machine made and printing papers of 2, 3 and 4 quires each. Heads of Offices should carefully avoid indenting for a larger number of blank books than is absolutely necessary, stating fully the purpose for which they are required. It should be borne in mind that machine made paper books should be used for records of permanent nature only, while care should be taken that a register of suitable bulk is selected for each purpose, so that at the end of the year (if it is an annual register) no blank pages are left unused.

(f) Blank books and record registers.

These expensive kinds of paper are rarely needed and will not be issued except on special grounds which should be fully stated in the indent.

(g) Machine made royal medium and demy paper.

10. Indents for stationery shall be prepared in the form given in Appendix D and shall contain all the information required by the instructions given therein. Forms of indents shall be supplied by the Superintendent of Stationery on application.

Indents for stationery.

11. Indents shall be for the official year following, and shall be based on the average of the actuals of the two official years preceding, that in which the indent is submitted.

12. Special care must be taken that in indenting for articles liable to deterioration, the quantity indented for is not more than is actually required for one year's consumption.

13. The actual consumption of all articles of stationery (whether indented for or not) in the two previous years shall be shown in the columns provided for the purpose in the form. These figures must be entered with great care as the annual budget of stationery is based on them.

14. In the column of "Remarks" an explanation of any large differences in the consumption and quantity of articles indented for (columns 6 and 9) shall be fully given.

15. The demand for hand-made and special papers shall form a separate item, and explanation for its inclusion in the indent and the purpose for which it is used shall invariably be given.

16. Appendix E contains lists of articles issued on a fixed scale and such as are issued for stated periods. Indents for the former class of articles shall only be complied with within the scale prescribed. The second class of articles shall not be issued until after the period for which they are required to last has expired, and then only on being covered by a certificate in the following form :—

"I certify that I have personally ascertained that the articles have been actually lost (or worn out by fair usage or destroyed by excusable accident)."

17. As wooden inkstands and round rulers are easily repaired, they should not, except when such repair is impossible, be applied for a second time.

18. It will be incumbent on the Heads of Offices to see that articles of periodical issue are issued to subordinates only in exchange for such as have become unserviceable or can be satisfactorily accounted for.

19. All such articles as are lost or broken must be replaced at the expense of the party through whose carelessness the loss or injury may have arisen.

20. All the old and unserviceable articles should be sold by public auction and the proceeds credited to Government, intimating the particulars to the Superintendent of Stationery.

24. The indents should always be submitted by the indenting officers to the Heads of their respective Departments in duplicate by the 15th January preceding the official year for which the supplies are needed. The Heads of Departments will check, countersign and transmit the same to the Superintendent of Stationery by the 15th February following.

25. In checking the indents referred to in Rule 24, the Heads of Departments will carefully revise them—

1st. By comparison of the stock consumed in each office with the consumption of previous years and with the expenditure of kindred offices.

2nd. By comparison with the number of clerks using stationery and with the allowance scale.

27. The establishment given in the distribution statement in the indent shall be a counterpart of the annual schedule of establishment submitted to the Comptroller in so far as regards the number of officers and officials using stationery. As it is the only check in the hands of the Superintendent of Stationery for regulating the supply of articles issued on a fixed scale, accuracy is essential. Clerks shall on no account be shown as Accountants or *vice versa*.

28. On the indents being finally passed, intimation will be given by the Superintendent of the dates on which the supplies will be issued from the Depôt.

Delivery of stationery to offices located at Bangalore.

The name and designation of the person so deputed will be entered in the authority that may be granted him by the Head of his office to receive the supply; objections, if any, must be made before the supplies are removed from the Depôt, and bottles, boxes, &c., belonging to the Depôt and lent for convenience of removal of their contents from the Depôt must be returned.

30. In the case of other offices the Superintendent of Stationery shall advise the indenting officer, when and how his supply of stationery and forms has been despatched, noting particularly the address (which shall be copied from the label on the indent) to which it has been consigned. Should there be any error in the address so notified or should the consignment not reach its destination in due course, the indenting officer shall, in communication with the Superintendent of Stationery, immediately take the necessary steps for the correction of the mistake.

31. On arrival of the supplies, the indenting officer shall have the packages placed in a dry and properly protected place. They shall then be opened at once and the contents verified with the invoice in the presence of the indenting officer or of some one appointed by him who shall certify to the fact at the foot of the receipt. The receipt shall then be signed and immediately transmitted to the Superintendent of Stationery with details of any missing articles. The transmission of the receipt must not be delayed pending reference to the Stationery Depôt regarding short or excess receipts which should form the subject of separate correspondence.

32. Officers who have Gazetted subordinates at head-quarters shall depute them to supervise the unpacking and checking of the supplies.

33. In the unavoidable absence of the Head of the office, the packages shall be opened by the Manager or Head Clerk, the certificate shall be signed by the officer who supervises the opening of the packages and countersigned by the Head of the office.

34. Complaints as to the quality of supplies received shall be accompanied by one average sample of the article in question duly attested by the complaining officer as being part of the supply furnished by the Stationery office on a specified date, particulars as to the marks on the articles or the covering of the packages being also reported. To prevent fraudulent substitution of other than Government supplies such complaints can only be admitted when preferred within three days of the opening of the cases. Whenever the receiving officer may have reason to consider that the packing has been improperly or carelessly performed (whether actual injury has resulted therefrom or not) he may intimate the same mentioning reasons for his opinion with suggestions for future prevention, and in cases of damage in transit, the cause thereof which may be apparent should be communicated.

35. Packing cases received from the Stationery Depôt shall be sold and the proceeds credited to Government under "Stationery".

36. Whenever the provisions of these Rules have not been strictly observed, the receiving officer shall be held responsible for the value of all short receipts.

37. The stores of stationery and forms should be placed in charge under lock and key of either the Head Clerk or Manager of the office.

38. Three separate books, Appendices F-1 & F-2 and K., one showing the receipts, another showing the issues of stationery and printed forms, and the third showing periodical issues of stationery, shall be maintained in each office.

39. Each supply of stationery or forms shall, immediately on receipt, be entered in the receipt book and issues therefrom regularly posted.

40. The issues shall be totalled up on the last day of each month and balance struck. The books shall be examined and initialled once a month by the Head of the office or by some person appointed by him for the purpose, and the balance as shown in the book verified with the actual balance in hand once a quarter.

42. Any wilful wastage or extravagance on the part of the subordinates using stationery, which may be apparent to the Manager or Head Clerk of an office should be brought to the immediate notice of the Head of the office.

43. The receipt and issue registers maintained in any office, may at any time be called for by the Superintendent of Stationery for examination or for the purpose of verifying the indents.

44. All supplies shall be a *bonâ fide* charge for the year in which the issues are made, and indents not complied with in full at the close of the year will be considered cancelled. The requisition for articles of periodical issues only, so unsupplied, may, if necessary, be renewed in the following year's indent.

Forms.

45. Indents for printed forms are to be made only in the printed form of indent (Appendix G), copies of which will be supplied from the Stationery Depôt.

46. These indents should be submitted in duplicate to the Head of the Department to which the indenting officer belongs, who will countersign and forward the same to the Superintendent of Stationery by the 15th of February preceding the official year for which the forms are required.

47. Indents for forms will be subject to the same kind of check as stationery indents by the Heads of Departments, with reference to the amount of business done in each office, the quantity expended, the balance and the annual consumption in cognate offices.

48. The authorised scale and prescribed forms should not be deviated from nor should any new forms, except departmental ones prescribed by Heads of Departments as absolutely necessary, be introduced without the previous special sanction of the Government. Heads of Departments should send to Government a list of forms thus prescribed by them.

49. Printed addresses on covers and printed headings containing a few words only shall be entirely discontinued, except such as are specially ordered by Government either for the use of Secretariat offices or for that of any other office.

50. Each form or register shall be numbered consecutively and the number once given to a form or register must not be altered, as it is by this number that it is known in the Stationery Depôt and the Government Press.

51. Heads of Departments, after examining and revising the indents, will enter the quantity passed by them, and countersign and forward the indents to the Stationery Depôt before the due date.

52. In the case of forms newly introduced under the provisions of Rule 48, samples of the same in proper size must accompany the indent, noting against such forms the description of paper to be used for the same. Ordinarily, Badami, French foolscap paper or printing paper should be selected. If, in any case, forms on other paper are required, the indenting officer must specify his reasons fully in his indent.

53. Where an officer has several offices subordinate to him, issues of forms to these in bulk shall be made on indents (Appendix J) and entered in the register at the Head office. Separate receipt and issue books shall be maintained in each subordinate office and a quarterly return showing consumption and balance in the form given in Appendix H shall be submitted by each subordinate office to the Head office. In departments in which subordinate offices

are regularly and systematically inspected, a personal examination of the registers by the inspecting officer may take the place of the quarterly return.

54. Every printed form shall bear (in small type) in a corner of it a letter indicating its class, its number, the number of copies struck, and the date of printing, a separate series of numbers being given to each class of forms. Thus a Revenue form would be numbered "Rev. 1–2,000—9-3-92." The number of the form shall be invariably quoted in the registers as well as in the indents.

55. A book file with a sample of each form in use shall be maintained in each office or department of an office by the subordinate in charge of the forms. In this all modifications of forms ordered from time to time shall be at once noted.

56. All printed forms in charge of the clerk shall, where possible, be kept in a separate room or on shelves properly arranged, each description of form being kept apart or in a separate bundle, which, to facilitate identification, shall be labelled with the name and number of the form. Care shall be taken to prevent damage to the forms while in store.

57. All the forms and registers required by indenting officers for their use and those of their subordinate offices, shall, in order to avoid throwing unnecessary work on the Press by printing forms of the same kind several times in a year, be included in the annual indent *alone*. Heads of Offices shall not indent for forms and registers during the interim on dockets save under exceptional circumstances, and the Superintendent of Stationery is not bound to comply with such special requisitions without sufficient explanation as to the necessity therefor being furnished by the indenting officer.

58. Save in very exceptional cases no forms shall be printed unless at least 100 copies are required.

59. Old and obsolete forms shall, wherever possible, be utilised for covers and packing purposes. When such forms cannot be put to any other use, they shall be written off. But when otherwise utilised, they shall be entered as stores received under the heading of the paper on which they are printed and issues therefrom posted under that heading.

60. The contents of a cover shall, as far as possible, be always of the same size as the cover itself. The enclosing of a small packet in a large cover, besides involving wastage as regards both stationery and postage, renders the packet liable to damage in transit.

61. Papers of a confidential nature shall be placed in a strong inner envelope large enough to fill the outer one which shall likewise be of strong material.

62. The paper supplied for covers shall on no account be used for other purposes.

Examination of Stock.

63. Shortly before the submission of the annual indent, the Head of each office shall examine his stock of stationery articles, forms, &c., with the book balance and certify to the fact at the foot of the annual indent in the form appended thereto (*vide* Appendix D). In cases of excess or of deficiency in any articles, a statement in the form laid down in Appendix I shall be submitted along with the indent and the instructions of the Superintendent of Stationery taken.

64. The value of any deficiencies in stock which have not been accounted for satisfactorily shall be recovered by the Head of the office from the persons responsible and credited to Government. The Superintendent shall, in all such cases, be furnished with treasury receipt.

65. Advantage shall be taken of the annual examination of stock to examine the condition of such articles as the following in the possession of subordinates, and the opinion of the Head of the office in regard to these shall be recorded in order that the quantity of such articles to be indented for may be determined:—inkstands, penknives, scissors, hones, strops, slates, color boxes, rulers, &c.

66. In the case of broken or missing articles, when the damage or loss is attributed to carelessness, the value shall be recovered from the party responsible.

67. Damaged or surplus stationery articles shall not be disposed of or returned to the Stationery office. In such cases the fact shall be reported to the Stationery Superintendent and his views as to their disposal obtained.

68. The Head of the office shall endeavour to trace the cause of the damage and send an explanation to the Superintendent, stating the date on which the article in question was received from the Stationery office.

69 If it is apprehended that any article will deteriorate before coming into use, the instructions of the Superintendent as to its disposal shall be obtained without delay.

70. Supplementary indents, either for stationery or printed forms shall, as far as possible, be avoided. If annual indents are carefully framed, all expenditure can, except in rare instances, be foreseen. The Superintendent may comply with any supplementary indent, provided he is satisfied with the explanation of the indenting officer. In cases where he does not consider such explanation satisfactory, the supplementary indent shall be complied with only on the sanction of Government.

71. The Superintendent of Stationery shall bring to the notice of Government any serious instance of neglect or breach of these Rules.

NOTIFICATION

No. 12984—*Mis. F.* 21-96, *dated* 12*th April* 1898

In exercise of the powers conferred by Section 2 of the Epidemic Diseases Regulation II of 1897, the Government of Mysore are pleased to prescribe the following revised Regulations in supersession of the corresponding Regulations 20 and 20A published under Notification No. 9383—Mis. F. 21-96, dated 10th February 1898:—

20. When any carriage from the Bombay Presidency or from any infected area is detached from a train at any railway station on the Bangalore-Nanjangud line except the Bangalore City Station, it shall be disinfected or ventilated in the following manner as soon as possible and before it is again brought into use.

Third and intermediate class carriages:—

The interior wood-work of the carriages, especially the floors and seats, shall be thoroughly washed with a solution of perchloride of mercury (1 in 1000) or with a carbolic acid solution (a wine glassful to a gallon) applied *with a mop*; the doors and windows shall be opened and the vehicle exposed to the air.

First and second class carriages:—

The floors and wood-work shall be treated as above, the cushions being also brushed and thoroughly cleaned.

20 A. Any railway carriage, from which a passenger who is suffering or suspected to be suffering from the plague has been removed, shall be detached at the nearest convenient station, and shall be disinfected as follows:—

(i) The carriages, after being detached from the train, should be thoroughly washed with soft soap and lime water. After an interval of two to three hours, this should be washed off with plain water, and then the following disinfecting solution should be thoroughly sprayed all over the interior as well as the exterior of the carriages by means of a syringe:—

Corrosive sublimate	..	..	..	½ oz.
Hydrochloric acid	..	..	..	1 oz.
Water	..	..	..	3 gallons.

This solution should be allowed to dry on the carriages. Special care must be taken to direct the solution into all the cracks and crevices and jilmills.

ii. After disinfection, the carriages should be kept out in the open for 48 hours. They can then be brought into use again.

iii. In the case of first and second class carriages, which afford greater facilities than third class compartments for the harbouring of plague germs, it will be necessary, if the carriages are contaminated, to burn the cushions and to disinfect the wood-work in the manner indicated above, and re-paint the interior.

iv. Any compartment in which a suspicious case has travelled should be sprayed with the above disinfecting solution before being allowed to proceed.

1. Letter No. 212, dated 24th September 1896, from the Superintendent, Government Press, forwarding copy of a requisition from the Excise Commissioner, Mysore, for printing addresses on 1,000 covers, and observing that it is becoming difficult to decide for whom such work should be done and for whom not, and that work of this kind is a great waste of the resources of the Press and an obstruction to more important work.

2. Letter No. 254, dated 8th October 1896, from the Superintendent, Government Press, enquiring if the Comptroller's request for printing the words, "Office of the Comptroller of Mysore, Bangalore —189 " on Government note papers to be used by him, may be complied with, and observing that all graded officers may wish to have a similar heading printed on their office note papers.

3. Letter No. 5123—288, dated 16th January 1897, from the Inspector General of Education in Mysore, stating that objection was taken by the Superintendent, Government Press, to the requisition made for printing a form prescribed by him (Inspector General of Education) on the ground that sanction of Government therefor had not been obtained, and enquiring whether the Head of a Department may not be authorized to introduce new forms required for the efficient working of his department and to get them printed at the Government Press.

4. Letter No. 4592—193, dated 27th February 1897, from the Registrar of the Chief Court of Mysore, recommending the modification of the rule prohibiting the printing of covers and headings, and stating that the practice of getting covers printed obtains in almost all the offices located at head-quarters and that it is desirable it should be continued as it saves the time and labor involved in writing out the addresses.

5. Letter No. 468, dated 20th March 1897, from the Superintendent of Stationery, stating that the two Superintending Engineers have, in their indents for printed forms for 1897-98, applied for supply of a large number of office memos, covers, letter headings, &c., not prescribed by Government, which require an aggregate quantity of about 51 reams of paper, and requesting instructions as to whether such requisitions may be complied with.

6. Letter No. 9, dated 2nd July 1897, from the Deputy Commissioner, Hassan district, bringing to notice the objection taken by the Superintendent, Government Press, to printing dockets with the words "From the Deputy Commissioner, ...District To the Secretary to the Government of Mysore, General and Revenue Departments, Bangalore", on the ground that the special sanction of Government had not been obtained, and requesting that the Superintendent may be instructed to comply with the requisition.

7. Letter No. 380, dated 17th November 1897, from the Officer in charge of Government Press, forwarding correspondence between the Executive Engineer, Bangalore division, and himself in regard to the requisition made by the former for printing addresses on covers for him, and enquiring whether such requisitions from Heads of Departments, other than the Secretaries to Government, may be refused absolutely, as work of the kind if required to be done for all of them, may retard other important work.

8. Letter No. 636, dated 2nd March 1898, from the Superintendent, Government Press, stating that blank docket forms are supplied to all District Offices and with reference to the form required by the Deputy Commissioner of Hassan, inviting attention to the remarks of Mr. Biddulph that "officers for whom a standard form would serve perfectly well with one or two blanks to make it suitable to different offices or Districts insist upon having forms specially printed for their own offices or districts."

9. Letter No. 674, dated 15th March 1898, from the Superintendent, Government Press, enquiring whether the requisition of the Geological Department for printing letter heading on blank papers may be complied with.

2. Proceedings of Government No. 12053-55—Mis. 2353, dated 24th March 1898, desiring the Superintendent, Government Press, to print addresses on covers for the Chief Court and for the Excise Commissioner in Mysore pending the revision of the Stationery Rules of 1876.

2. Adverting to Rule 49 of the Rules aforementioned, relating to printing of addresses on covers, &c., Government are pleased to direct that such requisitions received from the Secretariat Offices and Heads of Departments only be complied with by the Superintendent of the Press. In availing themselves of this special sanction, it is hoped that the officers concerned will try to give the Press as little additional work as possible so that other and more important work may not materially suffer on this account.

3. As regards new forms prescribed by Heads of Departments, attention is drawn to Sections 48, 57 and 58 of the revised rules.

Correspondence ending with letter No. 289, dated 13th April 1898, from the Principal, Central College, Bangalore, *re* the dismissal of H. Rangasamiengar, son of Mr. H. Ramanujaiengar, from the Central College, Bangalore, for having obtained admission into that institution by means of a false or forged certificate.

No. 13429-31—Ed. 356, DATED BANGALORE, 18TH APRIL 1898.

ORDER THEREON.—Mr. Cook, in his letter No. 208, dated 12th February 1898, reported that the abovenamed Rangasamiengar was dismissed from the Central College for having obtained admission into the V Form of the Central College by means of a false or forged certificate purporting to have been signed by Revd. Mr. W. Holdsworth of the Wesleyan Mission High School, Mysore. Mr. H. Ramanujaiengar forwarded, with his letter dated 26th February 1898, an explanation given by his son to the effect that the certificate in question was delivered to him by the monitor of the IV Form of the Wesleyan Mission High School, Mysore, that he was not able to discover this mischief, and that he was innocent. On the 19th March 1898, Mr. H. Ramanujaiengar forwarded a fresh "leaving certificate" and a certificate of good conduct obtained by his son Rangasamiengar from the Revd. Mr. Stanley Edwards, Vice Principal of the Wesleyan Mission High School, Mysore. Mr. Cook, to whom these papers were sent, stated that the student in question might be re-admitted into the Central College on the authority of the new certificates produced on his tendering a written apology to him.

2. Thereupon the Government, in their Proceedings No. 12770-71 —Ed. 331, dated 6th April 1898, passed an order to the effect that if Mr. Cook was satisfied that the second certificate was granted by Mr. Stanley Edwards with full knowledge of the circumstances connected with the forging or falsification of the first certificate, and that the boy was not altogether to blame and deserved clemency, the Government would have no objection to his re-admission into the Central College on his tendering a suitable apology in writing to be previously approved by Mr. Cook.

3. In the letter under reference, Mr. Cook points out from a copy of Mr. Stanley Edwards' letter that the boy obtained the fresh certificates by means of a series of further misrepresentations, and he therefore finds himself compelled to finally decline to re-admit the boy into the Central College.

4. The Government regret to learn that the fresh certificates produced by Rangasamiengar were obtained by false representations, and that the Revd. Stanley Edwards of the Wesleyan High School granted them without any knowledge of the antecedents of the case. Under these circumstances, Mr. Cook had no alternative but to finally decline the boy's re-admission into the Central College, Bangalore. The Government see no reason to interfere with Mr. Cook's order.

5. To prevent a recurrence of frauds and irregularities of the kind disclosed in this case, it seems necessary to amend Rule 5 of the revised Inter-School Rules No. 4315—Ed. 113, dated 12th October 1897, so as to provide for the maintenance in each school of a register containing counterfoils or true or attested copies of all "leaving certificates" granted under the said Rule. The Government will be glad to be favored with the views of the Principal, Central College, and of the Inspector General of Education in Mysore, on this point.

Letter No. 9527—304, dated 16th April 1898, from the Inspector General of Education in Mysore.

No. 14128-9—ED. F. 29-96, DATED BANGALORE, 28TH APRIL 1898.

ORDER THEREON.—In the letter cited above, the Inspector General reports that the charges of the Mysore Local Examinations of 1897-98 amounted to Rs. 8,558-1-11 against Rs. 8,453-5-6 in the previous year as detailed below :—

	Rs.	a.	p
1. Contingent charges sanctioned in Government Order No. 12159-60—Ed. F. 29-96, dated 26th March 1898 ...	947	1	11
2. Office contingencies	60	0	0
3. Fees to Examiners	7,551	0	0
Total ..	8,558	1	11

He suggests that to meet this expenditure, the items noted in the margin may be utilized and that special sanction be given for the excess of Rs. 1,979-1-11.

	Rs.
(1) Amount provided in the Village School Fund budget for contingencies and Examiners' fees.	6,200
(2) Half the cost of the Pandits' Examination provided in the Education State Fund budget	379
Total ...	6,579

2. It is observed that half the cost of the Pandits' Examination, *viz.*, Rs. 379, provided in the State Fund budget, is an item of "Receipt" belonging to the Village School Fund and not a budget provision available for expenditure, *vide* para 4 of Government Proceedings No. 1404-5—Ed. F. 3-96, dated 24th July 1897. Hence the excess for which special sanction is now required is Rs. 2,358-1-11.

3. The income from fees realised this year (Rs. 8,395) is only less by Rs. 163-1-11, than the actual cost of the examinations. Government consider this an improvement upon the previous year's results and are accordingly pleased to sanction a supplemental grant of Rs. 2,358-1-11 from the Village School Fund and to authorize the Inspector General to draw the amount and pay the Examiners' fees.

No. 13693-728—ED. 368, DATED BANGALORE, 23RD APRIL 1898.

ORDER THEREON.—It is observed that the word used in the Article quoted above is "*Ordinarily.*" It is clear therefore that there is no absolute prohibition. Report on the working of the Registration Department in the Mysore State for 1896-97.

No.12555-90—J. 1345, DATED BANGALORE, 4TH APRIL 1898.

ORDER THEREON.—Four additional Sub-Registry offices presided over by Special Sub-Registrars were opened during the year, thus raising the total number of such offices from 20 to 24.

2. There was a decrease of 381 in the number of documents registered, namely, from 44,230 in 1895-96 to 43,849 in the year under review. The decrease was most noticeable in the case of documents relating to sales, of which there were nearly 1,000 less under all heads. On the other hand, the number of registrations of documents relating to mortgages was greater by 465. The aggregate value of transactions relating to immovable property was Rs. 1,33,22,479 or about 3 lakhs and 80 thousand rupees above that for 1895-96 ; and the aggregate value of transactions affecting movable property was Rs. 6,04,208 or about 28 thousand rupees below the same standard.

3. Three hundred and twenty-six documents were refused registration as against 382 in the previous year, the chief grounds for refusal being the minority of executants, denial of execution, late presentation, and non-appearance of parties. In 18 out of 20 cases of appeals, the orders of refusal passed by Sub-Registrars were reversed, and in the other two the orders were confirmed.

4. The following figures relate to other transactions connected with registration during the last two years :—

	1895-96	1896-97.
Sealed covers containing wills deposited	3	7
Do Do withdrawn	2	2
Translations filed	1	0
Powers of Attorney attested. General	15	14
Do Special	391	366
Copies of court sale certificates filed	593	601
Applications for transfer of Revenue Registry received and forwarded to Revenue Department	3,231	3,087
Insufficiently stamped documents impounded	183	102

5. The solitary case of false personation in connection with a document presented for registration occurred in the Bangalore district and ended in conviction.

6. The receipts of the department fell from Rs. 1,04,090 in 1895-96 to Rs. 1,03,102 during the year under review. This is explained as due chiefly to the specially reduced rate of fees prescribed by Government for the registration of documents relating to Agricultural Banks, the consequence being that only about Rs. 686 was realised as fees on 623 such documents, instead of Rs. 3,192 recoverable at the ordinary rate. The total expenditure of the department was Rs. 51,805 or about Rs. 2,241 in excess of that for 1895-96, this being due to the establishment of additional Sub-Registry offices. The balance in favor of the department was Rs. 51,298.

7. The inspection work of the year was an improvement over that of the year preceding, 65 out of 80 Sub-Registry offices having been inspected by Deputy Commissioners and their Assistants and 13 by the Inspector General. In this connection, the Government wish to observe that it is desirable that every office in a district should be inspected at least once a year.

As this amount should properly appear under "Civil charges, Travellers' Bangalos, &c.," the necessary transfer will be made and the estimate under "Original works" reduced to Rs. 13,690 and the provision on account of "Establishment charges" reduced from Rs. 3,400 to Rs. 2,227.

No. 12475-510—L. F. 229-96, DATED BANGALORE, 4TH APRIL 1898.

ORDER THEREON.—In Proceedings No. 538-45—L. F. 71-94, dated 11th July 1895, the Deputy Commissioners of districts were requested to submit a statement showing the vessels now existing in, and those proposed to be newly supplied to, each of the travellers' bangalos for use in native kitchens, and, in para 6 of Proceedings No. 10615-23—L. F. 103-95, dated 16th March 1896, it was observed that the proposal to supply cooking vessels to 3rd class travellers' bangalos would be dealt with on receipt of information then due from some of the Deputy Commissioners.

2. The Deputy Commissioner of Mysore states that there is no necessity for the supply of cooking vessels to 3rd class bangalos and that a separate reference will be submitted with regard to the supply of pick-axes required by these bangalos. All the other Deputy Commissioners are in favor of the supply of vessels to such bangalos and have accordingly submitted lists of vessels now existing as well as of those proposed to be newly purchased.

3. The Government are of opinion that the supply of a few vessels ordinarily used by travellers would add greatly to the convenience of travellers halting in 3rd class bangalos. They, however, consider that a uniform scale for all bangalos is not possible and that the number and description of articles to be supplied to each bangalo may be left to the decision of the District Fund Board, who will doubtless take into consideration the importance of each place and the class of travellers who generally resort to the bangalo therein. A lump sum will accordingly be placed at the disposal of each District Fund Board in the several districts of the State, except Mysore, computed at an average rate of Rs. 50 per bangalo leaving the distribution to the Board's discretion. Out of the allotment made to each bangalo by the Board, the necessary vessels may be purchased and placed in charge of the bangalo servant, who will supply them to travellers on their requisition. A periodical inspection of the vessels should be made by the District and Taluk authorities.

4. A bill of charges actually incurred on account of the purchase of vessels should be submitted to Government and the source in the District Fund budget from which the cost thereof can be met should be specified.

5. The Presidents of the Local Fund Boards, Mysore and French Rocks, will be requested to place the matter before those Boards and after such further consideration and discussion as may be necessary, submit a fresh report as to whether the supply of vessels to the bangalos in the Mysore district is still deemed unnecessary.

6. In some of the lists submitted by Deputy Commissioners, furniture required for some bangalos and vessels required for 1st and 2nd class bangalos have also been included. All proposals for furniture should be submitted to the Chief Engineer in the Public Works Department and those relating to supply of vessels to 1st and 2nd class bangalos, the cost of which is debitable to Provincial Funds, should form the subject of a separate communication.

No. 12918-23—L. F. 109-97, DATED BANGALORE, 11TH APRIL 1898.

ORDER THEREON.—The income of the District Fund Board for 1898-99 is estimated at Rs. 40,392 against Rs. 41,559, the actuals of 1896-97, and Rs. 40,785, the sanctioned estimate for 1897-98. The estimate is passed.

EXPENDITURE.

2. (A) *Public Works to be executed by Public Works Department.*—The provision made for "Repairs" includes the marginally noted four items, of which (1) and (2) have already been sanctioned. Item (4) which should properly appear under "Civil Charges, Sweepers for III class bangalos, musafirkhanas, &c.," will be transferred to that head and the estimate under this head reduced to Rs. 15,655. Owing to the reduction made under "II Repairs," the supervision charges shown under "III Establishments," will be reduced from Rs. 3,478 to Rs. 3,436.

5. (III) *Hospitals and Dispensaries.*—The present budget makes no provision on account of furniture for Local Fund dispensaries, but provides for an increased rate of salary to the compounder of the Challakere dispensary and for house rent for the dispensary building at Hosdurga. This accounts for the decrease in the estimate under this head, which is passed.

6. (V) *Sweepers for Travellers' Bangalos and Musafirkhanas.*—The sum of Rs. 240, provided for the salaries of watchmen of the marginally noted Inspection Lodges and transferred to this head under para 2 supra will be retained, subject to the submission of explanation (1) as to the necessity for the employment of a servant for the lodge at Marikanave which as reported in Deputy Commissioner's letter No. 589—552, dated 20th December 1897 is being used by officers of the Public Works Department and (2) as to why no mention was made of the Naikanhatti Inspection Lodge in the Deputy Commissioner's Letter No. 589—552, dated 20th December 1897.

IV. Sweepers for Travellers' Bangalos and Musafirkhanas.—The provision under this head on account of the salaries of servants attached to certain Inspection Lodges and Musafirkhanas noted in the margin, accounts for the increase under this head. It should be explained why no provision has been made for the salary of the servant attached to the Inspection Lodge at Anuruthur in the Kunigal taluk, whose pay was shown as Rs. 18 per annum in the list of Lodges submitted with President's No. 618, dated 30th December 1897. Pending information on this point and the submission of a separate reference in regard to the

READ—

Letter No. 1075, dated 15th March 1898, from the President, District Fund Boards, Mysore District, submitting the District Fund Budget Estimates of the French Rocks Circle for 1898-99.

No. 14021-5—L. F. 105-97, DATED BANGALORE, 28TH APRIL 1898.

ORDER THEREON.—The income under all heads for the year 1898-99 is estimated at Rs. 43,540 against Rs. 43,462, the actuals of 1896-97, and Rs. 42,745, the sanctioned estimate for 1897-98. The estimate is approved.

2. *Opening Balance.*—The estimate under this head will be reduced to Rs. 7,304, which is the closing balance according to the revised budget for 1897-98, sanctioned in Proceedings No. 8115-8—L.F.257-96, dated 17th January 1898.

3. *Expenditure. B. Public Works to be executed by the Revenue Department.*—

		Rs.
B. Public Works to be executed by Revenue Department	...	1,340
C VI. Conservancy and sanitary charges ...	...	1,000
Ditto X. Mis. Construction and repair of cattle-pounds	...	1,000
		3,340

The provision on account of establishment charges is stated to have been calculated at ten per cent on the marginally noted estimates entered for works. The provison is sanctioned.

4. *Civil Charges. I. Office Establishment.*—The provision under this head will be retained pending the issue of final orders on the proposed revision of establishments of the Municipal and Local Fund Branches of the President's office now under the consideration of Government.

5. *II. Medical Scholarships.*—In lieu of Rs. 186 entered by the President under this head, a sum of Rs. 233 will be adopted in the present budget as per details given in Government Proceedings No. 13909-21—L. F. 104-97, dated 27th April 1898.

6. *III. Hospitals and Dispensaries.*—The correct total of the details of the French Rocks Local Fund Dispensary and the correct aggregate cost of the several dispensaries, &c., shown under this head are Rs. 642 and Rs. 4,594 and not Rs. 576 and Rs. 4,532, respectively, as erroneously entered in the consolidated budget and enclosure D. The correct amounts will be entered in this office and the estimates modified accordingly.

7. *V. Sweepers for Travellers' Bangalos and Musafirkhanas.*—The provision under this head does not include the salaries of the watchmen of the marginally noted inspection lodges in the sub-division. It should be explained whether the salaries of these watchmen are included in the maintenance allowance of the French Rocks station-Nilligere road and Mandya-Basral road, on which the lodges are respectively situated. Pending information the estimate proposed will be allowed to stand.

	Rs.
1. Honakere Inspection Lodge watchman on Rs. 6 per mensem.	72
2. Basral ditto Rs. 4	48
	120

8. *IX. Contribution.*—The sum of Rs. 1,000 entered under this head is stated to be required for payment of contribution towards the repair of Travellers' Bangalos and Dispensaries. It should be stated what portion of this amount is on account of the repair of 3rd Class Travellers' Bangalos and Musafirkhanas and why such portion may not be transferred to the head "B. Public Works to be executed by the Revenue Department II. Repairs." Pending information the estimate will stand.

9. The other items call for no remarks and are passed.

10. The budget estimates of receipts and expenditure of the District Fund of the French Rocks Circle for 1898-99 are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

With reference to para 7 of the Board's proceedings, dated 2nd March 1898, the President will be informed that the Seringapatam-Channarayapatna road and the French Rocks station-Nelligere road cannot be transferred to the Provincial Funds, the situation and character of those roads being such that their maintenance is properly a charge upon the District Funds.

Letter No. 1003, dated 18th February 1898, from the President of the District Fund Board of the Mysore Circle, submitting the District Fund Budget Estimates of the Mysore Circle for 1898-99, together with a copy of the proceedings of the District Fund Board dated 24th January 1898 approving of the same.

No. 13909-21—L. F. 104-97, DATED BANGALORE, 27TH APRIL 1898.

ORDER THEREON.—The President estimates the income under District Funds of the Mysore Circle for 1898-99 at Rs. 74,116 against Rs. 61,666, the actuals of 1896-97, and Rs. 73,713 the sanctioned estimate for 1897-98.

2. *Seventy-six per cent of Local Cess.*—The estimate under this head, which is less than that sanctioned for 1897-98 and based upon the jamabandi of 1896-97, is passed, but it should be explained why the actuals of 1896-97 were so low as Rs. 53,666.

3. *V. Tolls.*—The increase under this head is due to the recent extension of the levy of tolls on out-going traffic under Government Proceedings No. 4169-75—L. F. 11-95, dated 8th October 1897.

4. *X. Miscellaneous.*—The increase under this head is chiefly due to the estimated revenue expected by renting market stalls recently built at Santemarhalli. The estimate is approved.

5. *Opening Balance.*—The estimate under this head will be reduced to Rs. 15,572, which is the closing balance according to the supplemental budget for 1897-98, sanctioned in Proceedings No. 10797-800—L. F. 256-96, dated 5th March 1898.

EXPENDITURE.

6. *A. Public Works to be executed by Public Works Department.*—The provision under "Repairs" includes increased rates of mileage allotment for the marginally noted two roads. The provision will be retained, subject to the submission of a separate reference in regard to the necessity for the increased rates proposed. The correct total of details of the estimate under "II Repairs" is Rs. 21,535, or Rs. 5 more than that entered in the budget. The necessary correction will be made in this office and the provision raised accordingly. As, under recent orders to Government contained in Proceedings No. 4961-70—L. F. 65-97, dated 5th November 1897, no provision could be made under "Reserve," the sum shown in the budget will be distributed between the heads "Original works" and "Establishments" in the proportion of Rs. 3,783 and Rs. 662, respectively.

	Mileage Rate existing.	proposed.
1. Hampapur-Rammathpur road ...	50	75
2. Nanjangud-Hura road ...	30	50

7. *B. Public Works to be executed by Revenue Department.*—The provision under this head consists of Rs. 9,205 for musafirkhanas and Rs. 2,000 for sanitary works. The latter will be transferred to "Civil Charges: VI. Conservancy and Sanitary charges." The provision under "III Establishments" will be raised from Rs. 1,000 to Rs. 1,301 at 10 per cent on the cost of works amounting to Rs. 13,019 as per details given in the margin.

8. *I. Office Establishment.*—The increased provision under this head will be retained, pending the issue of final orders on the question of the revision of the Local Fund establishments attached to the District Fund offices.

9. *II. Medical Scholarships.*—The provision that has to be made on account of medical scholarships to students undergoing training at the Madras Medical College for the grade of Hospital Assistants and at the Indigenous Hospital at Mysore as Native Vidyas is Rs. 794* and not Rs. 679 as entered in the budget. The former figure will be inserted in the budget.

11. *V. Sweepers to 3rd Class Travellers' Bungalows and Musafirkhanas.*—No provision has been made under this head on account of the pay of the servants attached to the marginally noted Inspection Lodges included in the statement received with the President's No. 890, dated 3rd February 1898. It should be explained whether their salaries are included in the annual maintenance allowance of the roads on which they stand. Pending information, the estimate proposed will be retained.

The authority sanctioning the sweeper of the Mysore taluk should be quoted. Pending explanation, the figure will be raised to Rs. 2,580. Including Rs. 2,000 transferred in para 7 *supra* the total estimate under this head will be Rs. 4,580.

13. The other items call for no remarks and are passed.

READ—

Dockets Nos. 801 and 833, dated 15th and 21st February 1898, respectively, from the President, District Fund Board, Hassan, submitting the District Fund Budget Estimates of the Hassan Circle for 1898-99, together with a copy of the Proceedings of the District Fund Board, dated 31st January 1898.

No. 14009-20—L. F. 106-97, DATED BANGALORE, 28TH APRIL 1898.

ORDER THEREON.—The receipts of the District Fund of the Hassan Circle for 1898-99 amount to Rs. 75,495 against Rs. 72,910, the actuals of 1896-97 and Rs. 76,315, the sanctioned estimate for 1897-98. The estimate calls for no remark except that the nature of the item "Adjustment of advances made on account of impounded cattle," from which a sum of Rs. 1,500 is expected during 1898-99 under the head "IX Miscellaneous," requires explanation.

2. Opening balance, which is entered at Rs. 46,689, will be reduced to Rs. 37,603, which is the closing balance for 1897-98, according to the supplemental budget for the year sanctioned in Proceedings No. 9130-33—L. F. 258-96, dated 5th February 1898.

EXPENDITURE.

3. A. *Public Works to be executed by D. P. W.*—The provision made under "II Repairs" includes increased rates of mileage allotment for the marginally noted two roads provided in accordance with the Resolutions Nos. 5 and 13 of the District Fund Board Proceedings, dated 15th April 1896 and 26th June 1897, respectively. The provision will be retained pending the submission of a separate reference in regard to the necessity for the increased rates of mileage allotments and final orders of Government thereon.

CIVIL CHARGES.

4. I. *Office Establishments.*—The increase under this head is due to provision made on account of contingencies sanctioned in Proceedings No. 1319-28—L. F. 108-95, dated 23rd July 1897. The provision is allowed pending the issue of final orders on the proposed revision of Local Fund establishments attached to the District office.

5. II. *Medical Scholarships.*—The correct provision that has to be made under this head on account of medical scholarships for students to be trained at the Madras Medical College and at the Indigenous Hospital at Mysore is Rs. 759 as per details given in the margin and not Rs. 784 as entered in the budget. The former figure will be adopted.

6. V. *Sweepers for Travellers' Bungalows and Musafirkanas.*—The provision under this head does not include the salaries of watchmen employed at the marginally noted inspection lodges lying on District Fund roads. A sum of Rs. 228 will be entered on this account and the estimate raised from Rs. 1,880 to Rs. 2,103. A note appears in the remarks column of Statement D of civil charges that the inspection lodges at Halebid and Sukravarasante are classed as 3rd class travellers' bungalows under District Fund Board's resolution, dated 6th December 1879. The authority of Government sanctioning the classification should be quoted.

10. From the above it would appear that the closing balance is much below the prescribed minimum. Every endeavour should be made to maintain the usual balance by effecting savings under the sanctioned allotment if the actual balance on 1st July 1898 does not exceed the estimate by Rs. 8,994.

Proceedings of the Government of Mysore

Read—

Letter No. 189, dated 11th March 1898, from the President, Bangalore City Municipality—

I have the honor to state that the appointment of an Excise Officer at the City Railway Station being considered very desirable for the purpose of checking dutiable articles and examining parcels and bales containing such articles and forwarding them on under an escort to the Octroi Koti, opportunity was taken of the transfer of two Octroi peons on Rs. 6 each to the Collection Department, the establishment of which was lately strengthened by Government, to abolish the two posts of peons and with the saving thus effected to appoint an Excise Officer on Rs. 12. The proposal was placed before the Board at an Ordinary Meeting held on Thursday the 24th ultimo and approved of by the Commissioners (copy of Resolution herein enclosed). As the sanction of Government is necessary as per Article 57 of the Civil Account Code, Volume I, a proposition statement is herewith submitted with a request that the arrangement may be sanctioned with effect from the 1st February 1898.

Extract from the Proceedings of an Ordinary Meeting of the Municipal Commissioners for the City of Bangalore, held at their office premises at 8 A. M. on Thursday, 24th February 1898—

8. President's proposal to abolish the posts of two peons on Rs. 6 each, Octroi Department, the incumbents of which were lately transferred to the Collection Department, and to appoint an Excise Officer instead for the Railway Station, at Rs. 12 a month.

Resolution.—The Commissioners approve of the proposal.

No. 12333-4—L. F. 276-96, dated Bangalore, 1st April 1898.

Order thereon.—Under the circumstances stated in the above, the proposed revision of the Octroi establishment, which involves no extra expenditure, is sanctioned, with the observation that the proposed designation "Excise Officer" is likely to be misunderstood, and may therefore be changed to "Octroi Inspector."

Returns of estimated Jamabandi under the head "Abkari" for the year 1897-98, received from the Deputy Commissioners of Districts.

No. 9477-85—R. 3095, DATED BANGALORE, 1ST APRIL 1898.

ORDER THEREON.—The appended statement shows that the total estimated Jamabandi under "Abkari" for the year 1897-98 is Rs. 33,39,447, being more than the actual demand for 1896-97 by Rs. 9,981. The increase is general in all the districts except Kadur, Chitaldrug and Mysore. In the Kadur District the decrease is chiefly in the Chikmagalur and Tarikere taluks, and is reported to be respectively due to smaller consumption of liquor and want of good bids at the toddy and arrack sales.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Excise Commissioner in Mysore.

ORDER.—The Comptroller to the Mysore Government brings to notice that in some instances reports of handing over and receiving charge of taluks and sub-taluks by Amildars and Deputy Amildars are received in his office from Deputy Commissioners direct, instead of through the Government. Deputy Commissioners of districts are requested to see that such reports are invariably submitted to this office instead of to the Comptroller direct.

Correspondence ending with docket No. 569—152, dated 7th August 1897, from the Deputy Commissioner, Kolar district, soliciting early orders on the representation made by K. G. Shamanna, Amildar of the Bagepalli taluk, that his position among Amildars has not been correctly shown in the Civil List.

No. 9497-98—R. 3098, DATED BANGALORE, 1ST APRIL 1898.

ORDER THEREON.—In June 1893 K. G. Shamanna, who was Deputy Amildar of Closepet, was appointed to act as Amildar and 3rd Class Magistrate of the Nelamangala taluk, and in August 1893 he was transferred as Acting Amildar of the Dodballapur taluk. In January 1894 he was employed on special duty in connection with the acquisition of lands for the Malegal Water-supply Project and allowed to draw the full pay of a last grade Amildar (Rs. 100) during such employment. In Government Notification No. 1550-14—G. 3338, dated 17th March 1894, V. Sabapathi Pille (Head-quarter Inspector, Mysore), G. R. Srinivasaiengar (Revenue Sheristadar, Kadur district), and Shamanna were appointed as 5th Class Amildars, and certain other Amildars were transferred from one taluk to another. In this Notification Shamanna's name appeared last. The rank assigned to the several Amildars in the Civil List followed the order in which their names were entered in the Notification. Shamanna represents that having been allowed to draw the full pay of a last grade Amildar from the 14th December 1893, on which date he entered upon his special duties, his service as Amildar counts from that date, and that therefore his name may be ordered to be shown above those of the other two Amildars who were appointed on the 17th March 1894

2. Government observe that Shamanna has no real grievance, that there is no mistake to be corrected, and that when Sabapathi Pille and Srinivasaiengar were appointed Amildars along with Shamanna, the substantive pay of the two former was more than that of the latter. The order in which these names were entered first in the Notification and then in the Civil Lists cannot therefore be disturbed.

No. 9564-71—R. 3113, DATED BANGALORE, 1ST APRIL 1898.

ORDER.—Several cases of boundary disputes between Mysore and British territories having recently come to notice and necessitated a reference to the Madras Government through the British Resident in Mysore, Government wish to impress upon all Deputy Commissioners the necessity of making suitable arrangements to have all boundary lines periodically inspected by a responsible officer. Such inspection is best done during the jamabandi, the officer conducting which should satisfy himself that the demarcation settled by the Mysore Survey Department has not been interfered with in any way. The result of the inspection should be noted by the Jamabandi Officer in the village accounts. Should any dispute come to his notice, he should then and there hold an investigation with a view to the case being reported for the orders of Government. The jamabandi report should also contain a para regarding such inspections. In this connection the attention of Deputy Commissioners is invited to the latter part of para 18 of the General Circular No. 273, dated 18th November 1881 (published at pages 1—3 of the Revenue Manual of 1886).

2. The Amildar or Deputy Amildar conducting the preliminary jamabandi should also personally inspect all boundary lines at least once a year and lose no time in reporting to his official superior any cases of doubt or dispute which might come under his observation.

Letter No. 1127, dated 28th March 1898, from the Deputy Commissioner, Mysore district, soliciting instructions regarding the recovery of the sum of Rs. 6-3-1, being the balance of rent due to the Public Works Department by pensioned Amildar Govindappa, for the Haveli house at Kankanhalli occupied by him before his retirement.

No. 10106-14—R. 3338, DATED BANGALORE, 22ND APRIL 1898.

ORDER THEREON.—The Deputy Commissioner states that the Executive Engineer, Bangalore division, has asked for the recovery from the pensioned Amildar of Rs. 6-3-1, being the balance of rent due for the building occupied by him at Kankanhalli, calculated on the increase of pay, *viz.*, Rs. 25 drawn by him. Govindappa gave the Executive Engineer no intimation of his promotion, but continued to pay rent on his former pay of Rs. 175. The Deputy Commissioner enquires whether the amount due by the pensioned Amildar may be recovered from his pension, as he has failed to satisfy the demand although opportunity was given him more than once to do so.

2. Government observe that Govindappa cannot take advantage of his own wrong. It was clearly his duty to have informed the Public Works Department of his promotion and paid enhanced rent calculated on the increased pay. The Deputy Commissioner is therefore authorized to deduct the arrears of rent referred to from Govindappa's pension and pay the same to the Public Works Department.

Letter No. 3220—954, dated 30th March 1898, from the Deputy Commissioner, Kolar district, soliciting instructions as to the date from which annual increments should be given to officials for approved service under para 5 of Government Proceedings No. 11906-A.—Mis. F. 35-96, dated 30th April 1897, sanctioning the revision of the District and Taluk establishments.

No. 10273-81—R. 3401, DATED BANGALORE, 26TH APRIL 1898.

ORDER THEREON.—Government observe that in the case instanced by the Deputy Commissioner, the official who was promoted to Taluk Sheristadari in February 1896, *i. e.*, before the revision, and who got the first increment in May 1897, can only get the second increment from May 1898 and not from February 1898. There must be an interval of one year between the date on which the first increment is given and that on which the second increment falls due.

2. When appointments of gumastas and others are made at any time in a year, the increments due to the officials concerned should be given from the dates on which the required periods are completed, reckoning from the dates of their respective appointments. Government do not think it desirable that the claims of officials for increments in the whole district should be considered at one and the same time at the end of each official year as suggested by the Deputy Commissioner, the increments due to them being sanctioned by the Deputy Commissioner from the dates on which they accrued.

2. In the districts of Kadur, Chitaldrug and Hassan, there has been a decrease of Rs. 14, 210, Rs. 409, and Rs. 183 respectively under "Current Demand" as shown in the margin. In the return of Estimated Jamabandi received from the Kadur District, it is explained that the falling off is due to want of proper bids for toddy and arrack as well as to smaller consumption of liquor. The small decrease in the other two districts calls for no remark.

3. The proportion of uncollected balance to every Rs. 100 of the entire demand is as follows :—

Districts.	1896-97.	1897-98.
Mysore	26·5	33·9
Chitaldrug	4·5	16·1
Bangalore	9·3	12·3
Hassan	5·7	10·4
Tumkur	3.9	10·2
Kadur	·9	9·7
Kolar	5·6	7·9
Shimoga	·7	4·4

The above figures shew that the collection work requires special attention in all the districts. The Excise Commissioner is therefore requested to issue suitable instructions so as to leave as little uncollected as possible on the 30th June 1898. He is further requested to give his personal attention to the matter and to keep the Government informed of the progress of collection during the remaining months of the year. A special report in the 1st week of every such month should be submitted for the information of Government.

4. The balances outstanding in the Mysore, Bangalore and Kolar districts are very heavy. The Excise Commissioner's attention is invited to Government Proceedings No. 7236-7—Ex. 266, dated 2nd February 1898, with a view to the instructions therein given regarding the recovery of outstanding arrears being carried out.

5. Government observe that the delay of more than eight months in the submission of the statements has caused much inconvenience in reviewing them, and the Excise Commissioner is therefore requested to make such arrangements in future as would enable him to submit statements to this office by the 20th of the month following that to which they relate, as prescribed in Government Proceedings No. 10-20—R. F. 2-92, dated 1st July 1892. The statements from October 1897 to April 1898 (both inclusive) should be submitted without further delay.

No. 10439-46—R. 3452, DATED BANGALORE, 29TH APRIL 1898.

ORDER THEREON.—The accompanying statement shews the estimated jamabandi under the heads "Land Revenue," "Mohatarfa," "Sayer," "Salt," and "Miscellaneous," for the year 1897-98 as compared with the actual demand for the previous year 1896-97.

2. *Land Revenue.*—The total estimated Land Revenue for the province shews an increase of Rs. 52,263 as compared with the actual demand for the year 1896-97.

3. The following are the taluks in which the largest decrease is shewn:—

Taluks.			Amount of decrease.
			Rs.
Chintamani	...	...	75,520
Sagar	...	...	32,031
Mulbagal	...	...	18,370
Manjarabad	...	...	11,252

4. In the Chintamani taluk, the decrease is attributed to the constitution of Srinivaspur into a separate taluk from 1st July 1897. The decrease in the Mulbagal taluk is reported to be due to the relinquishment of lands as also to the transfer of a hobli to the newly constituted Srinivaspur taluk. The falling off of Rs. 18,370 in the Manjarabad taluk is reported by the Deputy Commissioner to be chiefly due to razinamas and less malki sales of coffee jungles. The Deputy Commissioner of the Shimoga district reports that the large decrease of Rs 32,031 in the Sagar taluk is due to the reduction of $\frac{1}{4}$th assessment on garden lands.

5. Under this head there is a difference of Rs. 928 in the Mysore district, between the figures shewn against District Treasury in the abstract statement of talukwar jamabandi for 1896-97 and those shewn in the statement of estimated jamabandi for 1897-98, as shown in the margin. This requires explanation.

		Rs.
As per Talukwar Jamabandi statement	... ...	2,128
As per statement of estimated Jamabandi	... ...	1,200
	Difference	Rs. 928

6. *Mohatarfa.*—The large decrease of Rs. 42,736, under this head is reported by the Deputy Commissioners to be chiefly due to the abolition of loom-tax.

7. *Sayer.*—Under this head there is a net increase of Rs. 41,796 notwithstanding a large falling off of Rs. 19,089 in the Tumkur district. The increase is mostly in the Shimoga district and is reported to be due to a good crop. The decrease of Rs. 19,089 in the Tumkur district is reported to be due to the decrease in the production and distribution of supari.

8. *Salt.*—The figures under this head also shew an increase of Rs. 2,488, the districts of Kolar, Tumkur, Chitaldrug, Mysore and Shimoga contributing to it.

9. *Miscellaneous.*—The figures under this head shew an increase of Rs. 70,087 in all the districts except Shimoga and Kolar. The increase is considerable in the Mysore district, being Rs. 55,531, and is reported to be due to the large demand of contribution to be recovered from raiyats having been included in this item.

Demand, collection and balance statements of loans granted under the Land Improvement Loans Regulation IV of 1890 (1) for sinking irrigation wells (2) for improving lands and (3) for saguvali kattes for the quarter ending 30th June 1897, received from the Deputy Commissioners of districts with the following communications—

Bangalore No. 1238, dated 19th March 1898, No. 1278, dated 30th March 1898.
Kolar No. 980—276, dated 11th September 1897, No. 981—277, dated 13th September 1898.
Tumkur No. 55, dated 17th July 1897, No. 351, dated 6th October 1897.
Mysore No. 268, dated 25th August 1897.
Hassan No. 102, dated 23rd July 1897.
Shimoga No. 76—49, dated 12th July 1897.
Kadur No. 85, dated 24th July 1897.
Chitaldrug No. 361—344, dated 15th October 1897.

No. 10480-88—R. 3475, DATED BANGALORE, 30TH APRIL 1898.

ORDER THEREON.—The demand for the year 1896-97 exhibited against the taluks noted below does not correspond with the figures entered in the register kept in this office according to the details furnished by the Deputy Commissioners from time to time—

District.	Taluk.	As entered by the Deputy Commissioner in the Returns. Rs. a. p.	As entered in the Proceedings kept in this office. Rs. a. p.

	Holalkere	127 15 3	170 9 11

The Deputy Commissioners of the Bangalore and Chitaldrug districts are requested to submit detailed individual statements of loan orders issued in the above taluks to enable this office to find out the cause of the said differences. It is necessary that only the annual instalments in cases in which final loan orders have been issued should be brought under the head "Demand," any other recoveries made on account of non-completion of the wells being reported separately as effected for being noted in the registers kept in this office.

It will be seen from the appended Statement No. I that out of the total demand of Rs. 10,269-15-6 a sum of Rs. 8,731-2-9 has been collected, leaving at the close of the year a balance of Rs. 1,538-12-9, which, it is hoped, will be recovered without further delay.

The statements from the Chitaldrug and Shimoga districts are not supported by the Treasury Officer's certificate as regards collections, and the Deputy Commissioners are requested to see that this omission does not recur.

The Deputy Commissioner of Bangalore who has included in this statement collections made in the previous quarter, ended 31st March 1897, explains that

the amount was not shown in that quarter as the demand fell due in May 1897 as per rules. This procedure is incorrect. So much of the amount as is recovered during the quarter must be brought under the head "Demand" and the collection shown accordingly duly supported by the Treasury Officer's certificate, the balance of the demand being brought into the accounts of the succeeding quarter.

In the statement from the Kolar district the Treasury Officer certifies that Rs. 849-6-3 as per margin have been recovered, while the amount recovered out of the demand of Rs. 1,695-2-2 due for 1896-97 is Rs. 833-9-0. The Deputy Commissioner explains that one item of Rs. 15-4-11 due from Thathappa of Kolar has been collected in advance out of the instalment for the year 1897-98 and that 0-8-4 is on account of overdue interest and adds that out of the collection of Rs. 833-9-0 the sum of Rs. 6-6-7 due from Ammamma (Loan Order No. 24) of Chintamani taluk and Rs. 2-8-10 due from Venkatappa of the Malur taluk are entered in the Treasury accounts under the head "Recoveries of advance" instead of "Recoveries of instalments" of loans. The Comptroller is requested to see that these items are entered under their proper heads.

	Rs.	a.	p.
Under advance ...	8	15	5
Do loans ...	840	6	10
Total ...	849	6	3

It is observed that a sum of Re. 0-8-4 in the Kolar district and Re. 0-11-3 in the Tumkur district aggregating Rs. 1-3-7 have been recovered as interest on overdue instalments.

The particulars of balances in certain taluks of the Bangalore district have not been correctly entered. This is objectionable and should not recur.

The balances shown in the taluks noted below as entered in Statement No. I do not tally with the balance outstanding on 30th June 1897 shown in the Comptroller's statement received with his No. 3300—1003, dated 28th October 1897, and circulated with Government Proceedings No. 4609-17—R. 1474, dated 26th November 1897, to the Deputy Commissioners of Bangalore, Kolar, Tumkur and Chitaldrug districts—

The Deputy Commissioners concerned are requested to explain the discrepancies at an early date.

II. Land Improvements.

The Statement No. II appended shows that out of Rs 966-15-5 only a very small sum of Rs. 204-4-4 has been collected, leaving a balance of Rs. 762-11-1 at the close of the year. Early steps should be taken for the recovery of this amount.

The Deputy Commissioner of Bangalore is requested to report when the final loan orders were issued in cases of loans granted to Messrs. Edwin Ebroy and Kolb and from what year the instalments begin.

The Deputy Commissioner of Tumkur will report why the instalments due for 1896-97 from the following persons have not been collected and brought into the accounts—

	Rs.	a.	p.
B. Krishnaiengar	225	10	3
Gangambhatta	32	3	4
Kapanipathaiya	67	14	10
Bangalear	67	14	10

III. Saguvali Kattes.

The appended Statement No III shows that a large balance of Rs. 831-3-1 is still outstanding, Rs. 171-14-10 of this relating to previous years. Early steps should be taken to recover these amounts. It is not satisfactory that notwithstanding the several reminders issued, the statement from the Bangalore district was received after a delay of more than nine months.

The following letter No. 355, dated 9th April 1898, from the Inspector of Agricultural Banks in Mysore—

1. I beg to bring to your notice that during my inspection of the Agricultural Banks, I have invariably found no accurate and authenticated record of the property owned by each member. Both in the interests of the Bank and also for the guidance of the Inspecting Officer, it is very essential that a copy of the property statement, showing the valuation of each member as fixed by the Amildar should be kept in the Bank office.

2. I would suggest the advisability of directing the submission of two copies of the property statement along with each proposal so that one copy may be sent by the Deputy Commissioner to the Bank along with the duplicate copy of the Memorandum and Articles of Association and the Incorporation Certificate for being recorded.

No. 9939-47—FL. 974, DATED BANGALORE, 18TH APRIL 1898.

ORDER THEREON.—The suggestion made by the Inspector of Agricultural Banks in para 2 of the letter read above, is approved, and the Deputy Commissioners are requested to give effect to the same in the case of all future proposals.

Memo No. 44—288, dated 15th January 1898, from the Secretary to the Government of Mysore, Public Works Department, transferring for disposal docket No. 252-39, dated 6th January 1898, from the Deputy Commissioner, Chitaldrag district, regarding Tank Inspectors being allowed to draw horse allowance while on privilege leave, just like the subordinates of the Excise and Police Departments, and stating that it is but reasonable that men of the class of Taluk Maistris and Tank Inspectors should not be docked their small pony allowance of Rs. 7½ and Rs. 7 respectively, whilst on privilege leave.

ALSO—

Letter No. 6257—1791, dated 4th March 1898, from the Comptroller, Mysore Government, stating that Taluk Maistris and Tank Inspectors may, as in the case of officials of the Police and Excise Departments, be permitted to draw horse allowance while on privilege leave according to the rates and conditions mentioned in Article 199 of the Mysore Service Regulations.

No. 10068-77—FL. 987, DATED BANGALORE, 21ST APRIL 1898.

ORDER THEREON.—Government are pleased to approve of the recommendation made by the Secretary, Public Works Department, and the Comptroller, and they accordingly direct that the words "or Taluk Maistri or Tank Inspector" be inserted after the words "A Police or Excise officer" in Article 199 of the Mysore Service Regulations.

EXCISE.

Proceedings of the Government of Mysore

READ—

The following letter No. 6530—288, dated 26th February 1898, from the Excise Commissioner in Mysore—

In continuation of my letter No. 6510—282, dated the 25th instant, I have the honor to submit herewith, for early approval and publication, a draft Notification for the sale of toddy shops in the various taluks of the province for the year 1898-99, and to solicit that in the Government Proceedings to be issued regarding the above Notification, the following points may be particularly noted —

(1) In consequence of the tree-tax system of the administration of Toddy Revenue coming to force *in its entirety* from 1st July 1898, throughout the Mysore State, both the "Aiyan Farms" and "Aiyan Kumki Farms" will cease to exist, as under such system the right of drawing toddy in the groves assigned to them will not be leased along with the right of vending toddy in the shops belonging to them; but only the right of vending toddy either in individual shops or groups of shops, according to the circumstances of each locality, will be leased on condition that the lessees shall pay tree-tax with local cess thereon for the trees tapped by them either in the Government or Inam groves assigned to them, or elsewhere, so that from the year 1898-99, only "Angadys" or "Independent shops" will continue, and the purchase money or rental of such shops will be *separate and distinct* from the tree-tax.

(2) No local cess will be payable on the purchase money (rental or license fees) of the "Independent toddy shops", as under the standing orders of Government it is not levied on that of arrack and drug shops, foreign liquor shops, and country beer taverns; but it will be levied on tree-tax (duty on toddy) as is done on the duty on arrack, country beer and ganja; and also on tree-rent for the Government trees in the Mysore Territory tapped by British shop-keepers. The rental of "Independent toddy shops" for the year 1898-99 is estimated at Rs. 5,76,000, so that there will be a decrease of about Rs. 36,000 under Local Cess on Toddy Revenue, but a corresponding increase under shop rental may be expected.

(3) In several localities, for example, as in the Bangalore City and in the taluks of Devanhalli, Malvalli, Seringapatam, Sidlaghatta, &c., the toddy shops whereof have date groves assigned to them in different taluks at considerable distances, these shops cannot be expected to be taken up and worked individually and separately by professional men or other small capitalists, on account of the heavy cost of carriage and establishment; so, therefore, with reference to para 1 of the aforesaid sale Notification, these shops will have to be formed into one or more convenient groups, according to the circumstances of each locality, and put up to auction.

(4) As the statistics of the toddy-yielding trees licensed and tapped for the three quarters of the current year (from 1st July 1897 to 31st March 1898) will be available before the commencement of the auction sales of the shops, the Deputy Commissioners who will have the statements showing the value of the toddy shops for the guidance of themselves or other officers conducting the sales, will be in a position to guard the interests of Government and secure reasonable amounts for each shop or group of shops put up to auction.

(5) It should be borne in mind that even in the current year 1897-98 there are "Angadys" or "Independent shops" such as the shops in alienated villages and most of the shops in the taluks of Anekal, Bowringpet, &c., which have been leased without any trees assigned to them but on condition that the lessees shall make their own arrangements to obtain the supply of toddy to the shops. Therefore, in calculating the value of such shops the whole of the purchase money thereof for the year 1897-98 should be treated as their *value* for that year, and the tree-tax of the trees tapped for them as *distinct additional revenue*.

(6) Should the highest bids received for any individual shops or groups of shops be far below the value thereof shown in the statement referred to in clause (4) above, on account of combination among the bidders, or the influence of the present middleman or any other similar causes, the Deputy Commissioner should not accept such bids, but should, subject to the Excise Commissioner's approval, dispose of such shops or groups of shops by inviting tenders or by private negotiation either under the terms laid down in the aforesaid Notification, or under those of the preliminary tree-tax system sanctioned for the year 1897-98.

(7) This being the very first sale of independent shops or groups of shops under the tree-tax system proper, the Deputy Commissioners of districts or other officers conducting the sales, Divisional Officers of the Excise Department, Amildars, and all Excise Officers should exert themselves in the interests of Government to achieve successful results.

2. It is proposed to abolish 486 supernumerary shops out of 3,049 date toddy shops now existing in the province; and of the remaining 2,563 shops, 2,428 will, it is expected, be taken up and worked by Eadigars or other professional men, as per particulars in Appendix A, and 135 shops as per Appendix B will have yet to continue in the hands of middlemen for the reasons stated in clause (3) above. If, owing to combination, failure of competition by professional men who are, in certain localities, still under the influence of middlemen, or other causes, any of the shops or groups of shops cannot be sold under the terms applicable to independent shops, the Deputy Commissioners of districts, in view to guard against the loss of revenue, will have to adopt the precautionary measures laid down in para 3 of the sale Notification and in para 1 of Rule IV in the Notification regarding the Toddy Rules, which provide ample powers to the Deputy Commissioners of districts to settle such shops or groups of shops by re-sale, or by inviting tenders, or by private negotiation, or in the last resort under the terms of the present preliminary tree-tax system.

3. For the sale of the toddy shops in the Civil and Military Station of Bangalore for the year 1898-99, the requisite Notification has to be issued by the Resident.

4. The schedule of the independent shops and groups of shops to be appended to the sale Notification, being very long and voluminous, it has been sent to the Government Press *direct* to save delay in printing it. A statement showing the dates fixed in the schedule for the sale of the shops and groups of shops is herewith submitted for information.

5. I beg to solicit that 250 spare copies of the Government Proceedings issued on the above subject, and 500 spare copies in English and 2000 in Kanarese of the sale Notification may be ordered to be supplied to my office for distribution.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Toddy in each shop or group of shops specified in the appended Schedule for one year, beginning with 1st July 1898 and ending with 30th June 1899, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said *Schedule, and at the respective Taluk Kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise when necessary the grouping of shops as specified in Schedule hereto, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner.

*As altered by Notification No 10355—Ex. 426, dated 27th April 1898.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the License to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the surety bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the resale or other disposal but shall not be entitled to any gain by the resale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above and furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the pur-

ıaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shops or group of shops ; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shopkeeper on application to the Supervisor, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1898, each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, forfeit all deposits made by the defaulter, and proceed to resell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears payable by a licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue.

(5) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(6) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(7) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

(8) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules are strictly prohibited.

(9) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(10) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy ; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(11) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(12) The license shall not be transferable, except with the permission of the Excise Commissioner.

(13) For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period to which they relate, to take effect from the commencement of such period; provided that no toddy shall be drawn except during the currency of such license.

6. The Tree-tapping Rules provide as follows:—

(1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in clause 9 below for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bonâ fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him. They must bear a court-fee stamp of one anna.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent.

(4) Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree tax on account of the trees licensed therein to be tapped.

(5) On receipt of an application the Supervisor will at once take steps for the marking of the trees by an Officer superior in rank to an Examiner and for the timely issue of the license.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual.

(9) No tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Tree.	Tree-tax for each tree per annum including local cess. Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago palm	1	9	6
Dadasal (Arenga wightii)	0	8	6

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in clause 1 (*b*) and (*c*) above.

(10) The Government waive for the current year the levy of a rent, in addition to tree-tax on Government trees tapped for supply of shops included in this Notification.

NOTE (1) Tree rent at 4 annas per tree with local cess thereon shall be levied for Government trees tapped for the supply of shops in the Civil and Military Station of Bangalore and those outside the Territories of Mysore.

NOTE (2) No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

(11) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July 1898 and 30th April 1899.	One-third	The remaining two-thirds.
Between 1st May 1899 and 30th June 1899.	The whole.	

(1) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(1) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules.

(2) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Thasildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Thasildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(3) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the Officer refusing the license. The issue of licenses, marking

of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the two, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(4) The Supervisor concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(5) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any Officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(*a*) Trees tapped one year shall not ordinarily be tapped the next year.

(*b*) Trees shall not be overtapped or overworked.

(*c*) In no date tree shall the initial incision be made at any point less than three feet from the ground except in places where permission is specially given.

(*d*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*e*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*f*) Not less than eight leaves should be left on each tree.

(*g*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*h*) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

7. In case of any breach of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the lease shall become due at once; and all loss caused to Government by the cancelment or resale or otherwise of the license shall be made good by the licensee or his surety in the manner specified for re-sales in para 3 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

FOREST.

Proceedings of the Government of Mysore.

READ—

Correspondence ending with the following letter No. 4079—242, dated the 26th February 1898, from the Conservator of Forests in Mysore—

Referring to your docket No. 5091—Ft. F. 41-95 of 4th December 1896 and subsequent correspondence ending with my letter No. 3556—204 of 26th ultimo, I have the honor to submit the settlement registers, (originals with abstracts) in which the Deputy Commissioner has noted his views, with regard to the Jogimatti and Nirthadi proposed State Forests in the Chitaldrug district, together with their rough sketches and alienation statements as per margin. As desired in your docket of 4th December above cited, I beg also to submit for reference and obliging return when no longer required, correspondence in original (as per pherist) bearing on the subject in my office.

2. There has been considerable delay in the submission of these papers, but it will be seen that this was unavoidable at least so far as my office is concerned as I had to return them to the Deputy Commissioner, Chitaldrug, more than once, as I found that the settlement records were nothing more than vague inquiries and statement of representations and opinions, and that recognized principles and objects of forest conservancy were not understood by the Officers who conducted the settlements.

3. In almost every case especially in the settlement of the Nirthadi Forest, the settlement Officer recognized the claims apparently as amounting to rights of neighbouring villagers to graze cattle and cut thatching grass, wood for agricultural implements and fuel in lands entirely at the disposal of Government and not even assigned as "Village gomal" at the Revenue Survey Settlement. The reservation of lands encumbered with such indiscriminate, undefined and unlimited concessions being inimical to proper conservancy, and apt to prove most inconvenient in future years, I personally explained the facts both to the Deputy Commissioner and the District Forest Officer during my tour of inspection of the district in January 1897, and also expressed my views in my letter No. C. 187 of 30th idem to Mr. Narayana Rao. On the settlement papers coming up again to me in August last, I found however that the principles above referred to had not been clearly grasped by the Deputy Commissioner and therefore had to return the papers to him with my notes on the settlement records of the two forests in question, requesting that the whole matter might be gone through again and reconsidered in reference to my remarks communicated to him (*vide* my letter No. 1750—40 of 24th September 1897) to the Deputy Commissioner.

4. I am glad to state that in the revised abstracts of the settlement records the Deputy Commissioner has considerably modified his original views and recommendations. He now rejects all claims or representations as of right and restricts himself to recommending the grant of certain privileges subject to regulation and withdrawal at the discretion of the Deputy Commissioner. As stated in my letter No. 1791—154 of 21st November 1896, whilst I am anxious that the principle that no new rights should be created or reservations made conditional on the continued exercise of certain privileges, I have not the slightest objection to the grant of such concessions not absolutely inimical to the maintenance of the forest as Government on the recommendation of the Deputy Commissioners may deem fit, it being clearly understood by all concerned and recorded that they are not rights and are subject to regulation, circumscription and absolute withdrawal if found necessary. They will therefore find no place in the record of admitted rights, such as those of way, which I propose to have prepared and published after Notification and final demarcation of each area as a State Forest. In order to avoid any further delay I submit the papers with draft Notifications which may, I recommend, be accepted and published, Government intimating their views and wishes with regard to the several concessions recommended by the Deputy Commissioner to him and myself.

5. There is only one inhabited village named Kallebadalu (Serial No. 13) situated in the midst of the Jogimatti State Forest which will be excluded from reservation and demarcated as an enclosure by a permanent line, necessary rights of way for villagers and their cattle through the State Forest being defined and notified hereafter.

6. A block of about 397 acres of occupied lands which has already been acquired by the Chitaldrug Town Municipality as being situated in the catchment area of Timmanayakanakere tank (chief source of water-supply to the town) has been included within the demarcation line of the Jogimatti Forest, and the Deputy Commissioner proposes "that the trees on these lands will be conserved but the realizations from them will be credited to the municipality." I beg to suggest that to avoid any complication in the matter the compensation, if any, paid by the municipality may be refunded to them so that the Forest Department may have complete control over the lands without detriment to the water-supply of the tank referred to. It is impossible to exclude them without making a very irregular boundary and the Deputy Commissioner's proposal might lead to friction and complications with regard to accounts and preparation of charges to be borne by the municipality.

7. In regard to the Nirthadi Forest, I beg to state that the revised boundary line as shown on the sketch excludes all inhabited villages and that the privileges of the Gaurihalli and Gollarahalli villagers, who recently petitioned Government, (*vide* your No. 7550—Ft. F. 41-95, dated 10th instant), are not affected by it at all. I have, however, requested the Deputy Commissioner to report on the subject matter of their petition.

No. 9617 P.-R—Ft. F. 41-95, DATED BANGALORE, 1ST APRIL 1898.

ORDER THEREON.—The draft Notification of the boundaries of the forests of Jogimatti and Nirthadi received with the letter read above is approved and will be published as hereunder in the *Mysore Gazette*.

2. Under Section 9 of the Forest Rules of 1878, the proclamation of the demarcation and boundaries of every forest should be made in the taluk in which the forest is situated. The Conservator is requested to see that this is done.

3. As a rule, Government cannot recognize any private rights or privileges in State Forests; but having regard to the arid nature of the Chitaldrug district and to the special recommendation made in this case by the Deputy Commissioner, Government have no objection to the grant of such special concessions not absolutely inimical to the maintenance of these forests as the Deputy Commissioner may consider reasonable, subject, however, to such restrictions as the Conservator may deem proper to impose. It must be clearly understood that the concessions thus shown are not rights and are subject to regulation, circumscription, and absolute withdrawal, if found necessary. A record of the concessions finally decided upon should be maintained and a copy thereof forwarded for the information of Government.

The following letter No. 4307—263, dated the 16th March 1898, from the Conservator of Forests in Mysore.

Referring to para 3 of Proceedings No. 10579—Ft. F. 31-95 of 28th May 1897, and para 3 of Proceedings No. 8528—Ft. F. 31-95 of 14th instant, I have the honor to submit a statement of the revised classification of sandal, as finally adopted for general introduction this year, save as regards some 350 tons of last year's stock remaining unsold in the kothis of Shimoga, Sagar, Chikmagalur and Bangalore.

2. The classification is almost identical with that printed with the first of the Proceedings above quoted, the number of classes remaining the same, but is more carefully arranged under billets, roots, hollows and chiltas and the wording as regards number of pieces to the ton and weight of each is more definite.

3. I solicit the formal approval of Government to it and would suggest that copies be sent to the Government of Madras and Chief Commissioner of Coorg for information with the suggestion that its adoption by them, along with that of standard English weights, would secure uniformity and facility of comparison of rates obtained.

Returns of estimated Jamabandi under the head "Forest" for the year 1897-98, received from the Deputy Commissioners of Districts.

No. 9534-42—Ft. F. 116-95, DATED BANGALORE, 1ST APRIL 1898.

ORDER THEREON.—The total estimated Jamabandi of all the Districts under "Forests" for 1897-98 is Rs. 11,68,156 which, compared with Rs. 9,62,723, the actual demand of previous year, as noted in the margin, shows a net increase of Rs. 2,05,433. The increase is general in all the Districts except Kadur and Chitaldrug. In the Shimoga District the increase is considerable owing to favorable bids at the sale of sandalwood. The decrease in the Kadur District is due to smaller sales of timber, lower bids for sandalwood, and poor crop of soap-nut. The small decrease of Rs. 208 in the Chitaldrug District calls for no special remark.
